

Current News 2025-26

Grade - 1

What is the full form of news?

The word "NEWS" does not have an official full form and is not an acronym; instead, it originates from the plural of the adjective "new," referring to newly received or noteworthy information. While it is a common misconception that "NEWS" stands for "North, East, West, South," this is a folk etymology, not a historical fact.

The second Indian to reach space was Group Captain Shubhanshu Shukla, who traveled to the International Space Station (ISS) on the Axiom-4 mission in June 2025. He followed Wing Commander Rakesh Sharma, India's first astronaut, who flew to space in 1984.

Key details about Shubhanshu Shukla's mission:

Mission: Axiom-4, a commercial mission to the ISS.

Role: Mission pilot for the SpaceX Dragon spacecraft.

Significance: Shukla was the first Indian to travel to the ISS and is expected to gain valuable operational experience for India's future human spaceflight programs.

Mission Objectives: The Axiom-4 mission involved conducting scientific experiments and commercial activities in microgravity, including experiments on cyanobacteria to study their potential for producing oxygen on future missions.

World Environment Day, marked on 5 June, is a call to protect our environment and take urgent action to #BeatPlasticPollution. Plastic, from production to waste, contributes to climate crisis and environmental degradation. It contaminates soil, blocks water sources, and harms ecosystems. 5 Jun 2025

What was the theme of World Environment Day 2025?

Join the Beat Plastic Pollution movement because together we can create a healthier future

The theme for World Environment Day 2025 was "Beat Plastic Pollution". The day was dedicated to finding and implementing solutions to the persistent problem of plastic pollution and supporting sustainable practices to reduce and eradicate plastic waste.

30-

Key Aspects of the "Beat Plastic Pollution" Campaign:

Focus on Solutions: The campaign highlighted real, fixable solutions to the plastic crisis.

Call to Action: It urged individuals, communities,

and governments to take action by refusing, reducing, reusing, recycling, and rethinking their relationship with plastic.

Beat Plastic Pollution: The theme was promoted globally with the hashtag

BeatPlasticPollution.

Emphasis on Sustainability: The initiative promoted sustainable practices to reduce and eventually eliminate plastic waste from daily life.

Droupadi Murmu

President of India

Overview

Books

Age

67 years

20 June 1958

Office

President of India

Overview

Droupadi Murmu is an Indian politician who is serving as the president of India since 2022. She won the 2022 presidential election with the backing of the Bharatiya Janata Party. She is the first person belonging to a tribal community and also the second woman, after Pratibha Patil, to hold the office. [Wikipedia >](#)

As of October 2025, the current Prime Minister of India is Narendra Modi. He was sworn in for his third consecutive term on June 9, 2024, after the Bharatiya Janata Party (BJP)-led National Democratic Alliance (NDA) won the parliamentary elections.

Key details of his third term:

Third Consecutive Term: This makes him only the second Prime Minister to achieve three successive terms, after Jawaharlal Nehru.

Yes, several significant space events are occurring in 2025, including the joint NASA-ISRO NISAR mission to study Earth's surface, China's lunar mission to the South Pole, India's uncrewed Gaganyaan test flight, the arrival of the interstellar comet 31/ATLAS, and NASA's selection of Firefly Aerospace for lunar science and technology delivery. Additionally, asteroid 2025 SA3 is making a close approach to Earth, and the first full supermoon of the year, the Harvest Supermoon, is happening on October 6th, 2025.

Here are some key space news and events in 2025:

Lunar Missions & Activities

China's Lunar South Pole Mission: China is sending a mission to the Moon's South Pole to search for water ice.

Firefly Aerospace for Artemis: NASA selected Firefly Aerospace to deliver rovers and instruments to the Moon as part of the Artemis program.

Blue Ghost Lunar Lander: This mission is taking scientific instruments to the Moon for NASA.
